Please include a copy of your pet's rabies vaccination certificate. Your pet's license will expire at the end of the month in which your pet's rabies vaccination expires. If you do not have a 3 year rabies vaccine, please select a 1 year license.

If your pet is altered (spayed or neutered), you will need to send us documentation of the surgery along with a copy of your pet's rabies vaccination certificate. The rabies certificate itself can often fulfill this requirement if it indicates S, N, Spayed, Neutered, or something similar in the Animal Sex field.
